

SAMANTHA PRICE

UX/UI DESIGNER

Communication & Digital Studies major
interested in digital design

EXPERIENCE

● RAMBLETYPE

Web Designer | March 2019-present

// Design and build responsive websites using themes and plugins such as Elementor, Divi, and Toolset. Perform all aspects of the design process, including client communication, color and typography exploration, front-end development, and testing. Have designed and built 20+ websites to date.

// Manage the event calendar for a news website built and managed by Rambletype.

● FREELANCER

Web Designer | February 2019-present

// Design and build responsive websites using themes and plugins such as Elementor, Divi, and Toolset. Design and build responsive websites. Perform all aspects of the design process including designing sitemaps, wireframes, color and typography exploration, mockups, front-end development, and testing.

// Create custom logos for clients.

● THE BLUE & GRAY PRESS

Online Editor | May 2019-present

// Responsible for running the website for the University of Mary Washington's newspaper, The Blue & Gray Press.

// Use WordPress to publish articles to the website every week.

// Redesigned the website from the ground up, including creating mockups.

● CHRONIC & ICONIC INSTAGRAM

Co-founder and designer | September 2020-present

// Responsible for running and creating designs for an Instagram account support group for immunocompromised college students during COVID-19.

// Used Adobe Illustrator, Photoshop, and Canva to create custom graphics and posts.

● HANGING WITH SAM

Founder | June 2018-present

// Design and create original macrame wall hangings and homemade clay earrings.

// Run an Instagram account and an Etsy account where I sell my work.

// Manage all aspects of personal business.

ACHIEVEMENTS

Published in AwareNow | August 2020

// Wrote a story that got published about my advocacy work for immunocompromised college students during COVID-19.

Publication in USA Today | August 2020

// Featured in a story about a letter I wrote to all public colleges in Virginia advocating for equitable options for their immunocompromised college students during COVID-19.

Publication in CNN Digital | September 2020

// Featured in a story about my advocacy work for immunocompromised college students during COVID-19.
